December 2008

Dear Friends of Make-A-Wish,

We have granted so many lovely wishes this year and have lots more in preparation. Along with the happiness and laughter we are able to provide the children and their families by allowing them to forget hospital treatments and routines, each wish is an everlasting memory of excitement and joy shared as well by our volunteers, donors and staff.

Your support as volunteers, your donations in-kind and financial help is crucial. This year people have organized golf tournaments, coffee mornings, bake sales, climbed Kilimandjaro and jumped out of an airplane to raise funds to help us grant more and more wishes. Please accept our grateful thanks for your kindness and continued support. If you also want to make a difference, one child at a time then please join the Friends of Make-A-Wish to help us reach more and more children and sprinkle that magic that brings smiles and joy.

Thank You. The Team at Make-A-Wish

Simon's Wish

In order to be a video game designer Simon's dream was to receive a special computer. Make-A-Wish's volunteer ensured his wish became even more special and quite magical when Simon was invited to visit the studios of a famous video game company. Simon met game conceptors and designers and was able to test a yet to be unveiled game and enjoyed lunch with some of the team in order to pick up lots of tips on game designing. Read Simon's testimonial on our website. A few months later Simon returned to the studios to do a training course. He was the envy of all his classmates !

Make-A-Wish goes to Bollywood

The students of the International School of Basel raised funds for wishes by dancing for Make-A-Wish at a special international fair held at the International School of Zug who also donated generously.

WE URGENTLY NEED AIRMILES FOR WISH CHILDREN TRAVELLING AS PART OF THEIR WISH - PLEASE CONTACT CATRIN@MAKEAWISH.CH - THANK YOU!

**Swiss Astronaut Claude Nicollier becomes
National Patron of Make-A-Wish
Switzerland**

Claude Nicollier has travelled over 17 million miles around our planet, orbiting our world 661 times in science and exploration missions onboard the Space Shuttle. If someone has truly walked among the stars it is this great gentleman. Make-A-Wish is tremendously proud that he has chosen to support the children of the foundation. Mr. Nicollier stated "I have been fortunate and lived my dream to travel into space and work there. Today I wish to share the happiness I was privileged to enjoy with those whose dreams have yet to be realized".

Jivan the Pirate of the high seas

To celebrate the end of two long years of treatment, 8-year old Jivan dreamed of being a pirate of the high seas.

Make-A-Wish invited Jivan's best friends to a treasure hunt aboard a huge pirate ship where they hoisted their pirate flag to the top of the mast and sang their pirate songs with gusto and much laughter. After an exciting search Jivan and his fellow pirates found a treasure chest filled with gold coins and precious stones.
